The widow of Matt al-
Hale deceased—is endowed
with a dower dead claim
allowance of $10 a month,
besides exemplary Land Grant.
Rights of the said allowance
is being enjoyed by the main-
tenance of a Quarterly Salary
in the Matt Hale Estate since
October 1881, and is still
Matter and Records Are
waiting any hearing.

2. By August 18th, one of
the creditors of the Matt Hale
Est a process of attachment
against the widow Hale allowance,
Payable to the Matt's executor
of a Dower allowed by him
against the Matt's Estate, but the
allowance is questioned being
a Quarterly service Land,
not liable to such attachment,
as never was paid into Court,
and the Matt Commissioner
was also instructed & with-
held the payment of the
monthly allowance to the Matt
Estate Executor pending

Government in the matter. Accordingly, the Matt's allowance has been held in deposit since August 1894; and in consequence, the charges on account of the Pátasála and the feeding at the Matt, remain undisbursed with the exception of a monthly sum of Rs 30, which since November 1894 is being paid to only two of the teachers of the Patasala under special orders of the Deputy Commissioner.

3. The Agent of the Matt has now applied for the payment of the remaining Establishment charges and feeding expenditures at the Matt, which, he says, have been advanced from the Matt's other Funds since the attachment of the Muzrai Cash allowance in August 1894. Deducting the payments made to the two teachers above referred to, the Agent claims Rs 2146- as having been actually expended on account of the Matt at Hole Narasipur during the 16 months from 1st August 1894 to 30th N[illegible]

The Murasu Assistant Commissioner of the Hassan district who has submitted a lengthy report on the subject considers that, out of the amount claimed by the Matt, charges to the extent of Rs 607-11-1 should be disallowed as excessive. But I would recommend that the whole amount of Rs 2146 claimed by the Matt maybe paid as the Agent asserts that the entire sum has been actually expended.

4. Further, calculating the amount of expenditure at the Matt at the rate of Rs 126 a month claimed by the Agent, the additional amount due for the 7 months subsequent to the period covered by the Deputy Commissioners report, viz, from 1st December 1895 to 30th June 1896 will come up to Rs 882; and I would propose that this amount also be paid off, and thus all charges on account of the Matt and Palasala at Hole Narasipur finally adjusted up to 30th June 1896.

5. The Deputy Commissioner further reports that owing to factious spirit of the

members of the Vaishnava community at Hole Narasipur, the teaching and boarding of students at the Patasala and the general management of the Math at Hole Narasipur have not been satisfactory. To set matters aright in future, the Deputy Commissioner recommends that the Patasala be subjected to the supervision of the Mysore department so as to see that the institution is conducted in a manner best calculated to promote its object. As regards the Establishment and Boarding charges relating to the Patasala, the Deputy Commissioner proposes to fix the same at Rs 208-4-0 a month. But I would reduce this a little and fix a lump sum of Rs 200 a month.

6. In this connection, I may add that the Agent of the Math has filed in this office a Srimukham issued to him by the Swamii in which the latter has called attention to the greatly disrepaired condition of the Math's building at Sreerangapatam and has desired that it should be repaired

repaired out of the Matt's allowances available with the Muzrai Department. The cost of the necessary repairs to this building is estimated at Rs 1600, which sum, I would recommend, may be sanctioned out of the accumulated Matt's allowance in deposit. Of course, the payment of the amount will be made to the Agent only after he starts the work and according to the measurement lists that may be produced by him from time to time.

Vide Statement given by Thammanna Shar on behalf of the Matt stating that some urgent repairs are wanted to the Matt building at Hole Narasipur.

Sir,

Adverting to para 6 of your Rubakari No. 298 dated 16th August last allotting a sum of Rs 500/- for the repairs of the Uttaradhi Mutt at Hole Narasipur, I have the honour to state that the amildar reports that Rs 500/- is not sufficient for the urgent repairs needed to the building and has submitted 2 Estimates, one for Rs 500/- and the other for Rs 210/-. The latter is for erecting rear Compound wall which the amildar reports is very badly wanted.

2. It is desirable that the premises should have a compound wall for its safety, and I therefore beg to submit the above estimates, together with Vernacular reports of the amildar, for Sanction of Government.

3. There is a sum of Rs 9901-4-11, as detailed in the margin, and the estimated outlay for repairs may be met out of the Same.
